

# CAMP COPE

Adam's Place and Nevada Donor Network partner to provide FREE grief peer support groups for children and teens (ages 5-18) and their caregivers through our Camp Cope Programs.

Camp Cope offers a safe, confidential space to share grief experiences, express emotions, and build healthy coping skills. Led by trained facilitators, the program follows a structured curriculum with age-appropriate activities. Peer groups are divided into Littles (ages 5-8), Middles (ages 9-12), Teens, and Adult Caregivers. Camp Cope is a peer support group model (not counseling or therapy) and sessions are held at various sites across Clark County.
