National Donor Sabbath

National Donor Sabbath is a three-day observance which seeks to **engage all major religions** in our community to empower them to **highlight the importance of organ, eye and tissue donation**. Nevada Donor Network would like to invite you to join this effort from **November 14 - 16, 2025**. When someone says **“YES”** to donation, they bring hope to **more than 100,000 people across the United States waiting for a second chance at life through organ donation**. Donation is the ultimate act of **generosity and love**. Your support helps honor the heroes who have given the gift of life to grateful transplant recipients and brings hope to those who are still waiting. **We are grateful for your support of our lifesaving mission**; it is incredibly meaningful!

As a faith leader, here are a few ways you can show support:

- **Bring Awareness:** An important aspect of this observance is discussing the importance of organ, eye, and tissue donation with your congregation. While specific beliefs may vary, all major religions in the United States recognize donation as a final act of charity and love. For more information on religious perspectives about donation **visit this link**. We also encourage you to initiate conversations about donation during your congregation gatherings, weekend messages, religious studies, small groups and youth programming. Another idea is holding a special ceremony and/or lighting candles in honor of those who are connected to organ, eye and tissue donation.
- **Education:** We encourage you to use the faith-based bookmarks and brochures we have developed in high-traffic areas to provide your community with accessible organ, eye and tissue donation related information. For materials in English or Spanish, contact **Adriana Connelly, Multicultural Engagement Strategist**, at **(725) 250-2376** or **aconnelly@nvdonor.org**.
- **Events:** Invite a Nevada Donor Network representative to present at your ceremonies and services to provide faith resources for your congregation.
- **Ready to Share Content:** Use our outreach content that includes graphics and suggested messaging. **Materials can be downloaded here**. This can be helpful for online platforms such as email marketing, newsletters, social media channels and websites. The goal is to encourage your congregation to register as heroic organ, eye and tissue donors! We also encourage you to follow and tag us on Facebook, Instagram, LinkedIn and X.

We have the power to **save and heal lives** through **organ, eye and tissue donation**. By sharing these blessings that donation and transplantation bring to our community, we give hope to those who are desperately waiting. **We can change the world together.**
