NEVADA DONOR NETWORK'S

INSPIRE HOPE

40TH ANNIVERSARY CELEBRATION

AUGUST 2027

SPONSORSHIP OPPORTUNITIES

LETTER FROM THE PRESIDENT

Nevada Donor Network proudly partners with the community to honor the wishes of heroic donors and their courageous families to provide hope, strength and life to those waiting on their second chance at life.

OUR MISSION IS TO SAVE AND HEAL LIVES THROUGH ORGAN, EYE AND TISSUE DONATION.

We bring HOPE to more than 105,000 people waiting on a lifesaving transplant, thanks to those who register as organ donors...

STRENGTH to the courageous donor families who chose to help those in desperate need of a transplant...

And honor to the heroic donors that provide the gift of LIFE to thousands of grateful recipients.

There are more than 105,000 people nationwide on the national organ transplant waitlist including nearly 700 Nevadans. We dream of a Nevada with no need for a waiting list. It is only with the support of our community that we can make that dream a reality.

We look forward to sharing our appreciation that your support gives to all Nevadans at Nevada Donor Network's Inspire Hope in August 2027.

GORDON PROUTY

PRESIDENT

NEVADA DONOR NETWORK FOUNDATION

NEVADA DONOR NETWORK

Foundation

Nevada Donor Network Foundation's mission is to support Nevada Donor Network in addressing critical healthcare challenges by raising funds and resources to expand organ, eye, and tissue donation programs, launch innovative initiatives to expand donation and transplantation and empower lifesaving programs through cutting-edge technology, education, and community outreach.

The Nevada Donor Network Foundation was born from a dream to 'End the Wait' for hundreds of Nevadans and thousands of Americans on the national organ transplant waiting list. Organ transplantation is one of the most transformative medical interventions available, offering hope and healing to those battling end-stage organ failure. Yet in Nevada, access to such care is profoundly limited. Outside of kidney and pancreas transplants, patients are forced to seek treatment in neighboring states, bearing financial and emotional burdens that many cannot overcome. For those who cannot travel, the prognosis is grim, with hospice often being the only alternative.

Currently, there are nearly 700 Nevadans on the transplant waiting list. However, the true need is far greater, as many patients seek care outside the state or never make it onto the list due to systemic barriers. Nevada must address this gap and follow the lead of other states by expanding transplant services to meet the health and economic development needs of the future while also providing its residents with the comprehensive transplant care they deserve.

TOGETHER,
WE CAN

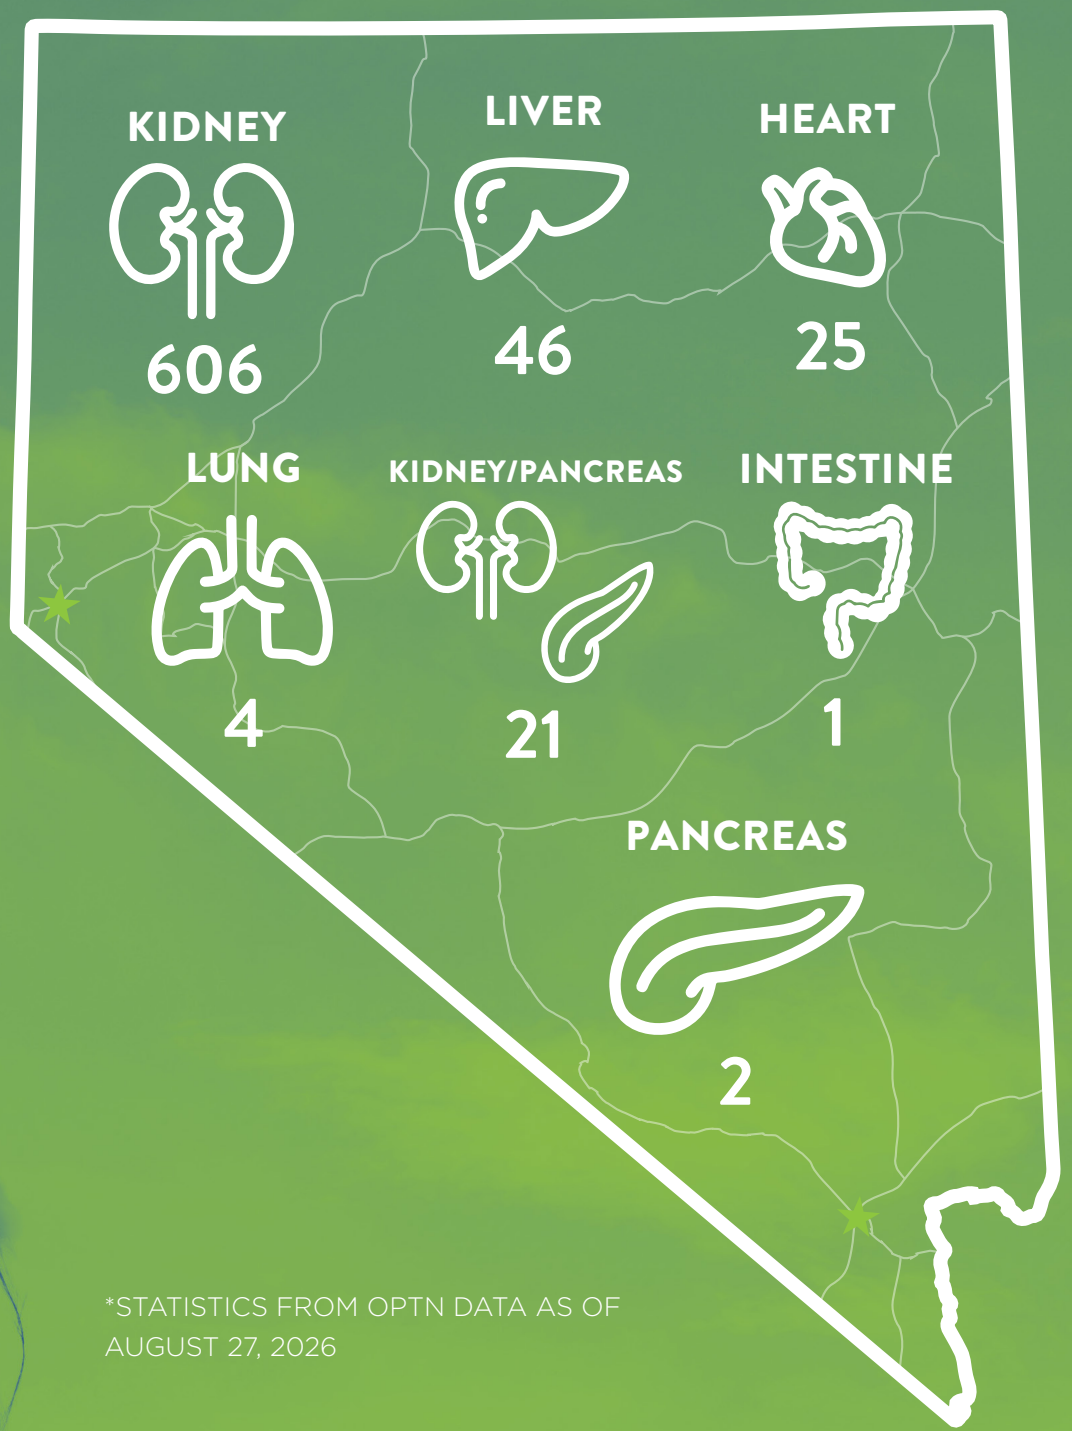

END THE WAIT

AND CHANGE
THE FUTURE
FOR NEVADANS
